### SUMMARY

---

I'm a student Full Stack Developer keen to grow and make my mark in the developing world. Currently studying with Code Institute at Newcastle College University, I am looking to build upon my knowledge and qualification and bring life to all future projects.

A suitably qualified and competent electrician with knowledge of electrical legislation, codes, and standards of practice. Experienced in installing and maintaining electrical equipment in domestic and commercial environments with some testing & inspecting experience. Have own transport and willing to travel. Now looking to further a successful career by working with an ambitious and respectable company in electrically biased roles.

### EDUCATION & QUALIFICATIONS

---

<b>Level 5 Diploma in Web Application Development – Newcastle College University</b>	<b>2023 - Present</b>
<b>IPAF 3a &amp; 3b</b>	
<b>18<sup>th</sup> Edition 2382-18 (City &amp; Guilds)</b>	<b>2019</b>
<b>17<sup>th</sup> Edition 2382-15 (City &amp; Guilds)</b>	<b>2016</b>
<b>Level 3 Diploma in Installation (City &amp; Guilds)</b>	<b>2012-2013</b>
<b>Level 2 Diploma in Electrical Installation (City &amp; Guilds)</b>	<b>2011-2012</b>
<b>Functional Skills level 2 (equivalent to C grade) in Maths</b>	<b>2011-2012</b>
<b>Functional Skills level 2 (equivalent to C grade) in English</b>	<b>2011-2012</b>
<b>Functional Skills level 2 (equivalent to C grade) in ICT</b>	<b>2011-2012</b>
<b>NVQ level 1 in construction</b>	<b>2007-2008</b>
<b>Full UK Driving licence</b>	

### EMPLOYMENT

---

<b>Mobile Electrical Engineer CBRE @ AtkinsRealis</b>	<b>Oct23-Present</b>
<ul style="list-style-type: none"><li>Looking after 6 sites across south East &amp; London carrying out Pre Planned Maintenance (PPMs) such as:</li><li>Emergency light tests</li><li>Distribution Board checks &amp; maintenance</li><li>Water treatment</li><li>Water flushing</li><li>Tap temperature checks</li><li>Plant &amp; AHU checks &amp; maintenance</li><li>Fire door checks</li><li>Fire alarm tests</li><li>Disabled, refuge alarm &amp; emergency call point checks</li><li>Responding to various reactive jobs across the site within SLA</li><li></li><li>Completing all necessary paperwork relevant to PPMs &amp; reactive jobs.</li><li>Dealing with contractors on site and making sure they are complying with regulations and RAMS.</li></ul>	

**Electrical/Multiskilled Engineer – Mitie @ Thales****June22-Oct23**

- Carrying out Pre Planned Maintenance (PPMs) such as:
- Emergency light tests
- Distribution Board checks & maintenance
- Water treatment
- Water flushing
- Tap temperature checks
- Plant & AHU checks & maintenance
- Responding to various reactive jobs across the site within SLA
- Fire door checks
- Fire alarm tests
- Disabled, refuge alarm & emergency call point checks
- Completing all necessary paperwork relevant to PPMs & reactive jobs.
- Dealing with contractors on site and making sure they are complying with regulations and RAMS.

**Facilities Engineer (electrical bias) – Engie @ Amazon****Jan22-May22**

- Managing Amazon distribution building, carrying out Pre Planned Maintenance such as:
- Emergency light tests
- Water treatment
- Water flushing
- Tap & TMV temp checks
- Plant & AHU checks & maintenance
- Responding to various reactive jobs that arise around the building
- Fire door checks
- Disabled, refuge alarm & emergency call point checks
- Completing all necessary paperwork relevant to PPMs & reactive jobs.
- Dealing with contractors on site and making sure they are complying with regulations and RAMS.

**Electrical Shift Engineer – CBRE @ Virgin Atlantic****Oct19-Aug21**

- Promoted to shift to manage more buildings such as The Base, VHQ, Gatwick Clubhouse & Vroom Lounges and Virgin Hangar.
- Carrying out Pre Planned Maintenance (PPMs) for all of these buildings such as emergency light tests, plant room checks, air handling units' checks and maintenance etc., regularly using light master and BMSi as well as installations.
- Carrying out various electrical tasks such as lighting, power, running cables and SWA terminations.
- Responding to various reactive jobs in all corresponding buildings such as Lighting, power, BMSi heating, minor plumbing issues.
- Trained, authorised and experienced in issuing Authority to Work (ATW) permits as well as some high risk permits such as working at height.
- Very capable at reading and writing RAMS for events such as upcoming jobs or in preparation for other contractors and permits.
- Passed 5 year checks to hold Airside pass for both Gatwick Airport and Heathrow Airport to carry out work airside.

**Extra Works Electrician – CBRE @ Virgin Atlantic****Jan17-Promotion**

- Part of a skilled team based at Virgin Atlantic's training facility, The Base & VHQ, taking on various construction projects of up to £30,000.
- Carrying out various electrical tasks such as lighting, power, running cables and SWA terminations.
- Gained Knowledge working on LCMs, both Light Manager & BMSi software for building management.
- Taking on other various tasks such as carpet tiling, paint & decorating, installing commercial ceiling grid along with partitions.
- Responding to a mixture of reactive faults occurring in the building, mainly lighting and power.

**Electrical Fitter – AllenBuild****Dec15-Nov16**

- Carrying out electrical installation and maintenance work mainly on on-site cabins
- Using test equipment & hand tools to diagnose, locate & fix electrical problems
- Carrying out the electrical tests and completing necessary documentation
- Checking & testing circuits and breakers and replacing them where required
- Tracing, diagnosing and rectifying electrical faults
- Interpreting work instructions, drawings and schematic diagrams
- Maintaining and repairing tools and electrical equipment
- Connecting wires to circuit breakers, transformers and other components
- Travelling to locations on site and working both indoor and outdoor
- Using tools & electrical testing equipment
- Administrative work like maintaining records and files and preparing reports
- Working on ladders and scaffolds
- PAT testing and tool maintenance
- Painting and decorating

**Electrical Installation Technician- Iwireless Solutions****Nov14-Nov15**

- Fitted 4G mobile network for companies O2, Vodafone and EE.
- Carried out electrical work, including cable routing, fitting commando sockets and fuse spurs
- Ordered correct quantities of materials and ensured that everything was within budget
- Carried out new project work and installation
- Carried out DAS work (antenna systems), including containment, pulling & dressing cable, terminating cable and combining of the DAS components using schematics
- Learnt how to design circuits for new jobs
- Worked alongside an NIC electrician to gain further training and development

**Removal Man- Martell's removals****May13-Nov14**

- Made deliveries to business premises and also customer's homes
- Manual lifting and carrying goods to and from vehicles to either business premises or customer's homes
- Completing the correct documentation when booking goods in and out for delivery

- Aligned roof materials and applied alternate layers of tiles and fibreglass
- Used baton and felt
- Installed new roofs and repaired old ones
- Carried out general maintenance duties
- Bumped large quantities of tiles
- Installed Velux windows

**Labourer J.O.G Landscapes & Groundwork****2008-2011**

- Dug trenches and footings for buildings
- Laid patios and paths
- Put up wooden fencing
- Landscape and gardening

**ADDITIONAL TRAINING**

---

- Microsoft Excel, Power Point and Word
- Manual Handling and First aid Certified and appointed person
- Workplace health and safety
- RF termination
- IPAF, PASMA
- Harness/ Working at height and Ladder training
- Asbestos awareness
- Fire awareness training & First aid appointed person training
- LOTO trained
- Authorised to issue ATW and permits such as WAH.

**SKILLS**

---

- Ability to read and understand wiring diagrams, floor plans and schematics
- Excellent communication skills and outstanding analytical and practical skills
- Good problem-solving skills for diagnosing electrical faults
- Knowledge of Safety procedures
- Experience in installations and maintenance work, as well as painting and decorating

**INTERESTS & ACHIEVEMENTS**

---

- Keen interest in music, reading, gaming and regularly attending the gym
- Father
- Homeowner
